

Forklift Forks

Forklift forks are manufactured to ITA specifications and are made to meet the highest of quality standards.

All **forged forklift forks** are manufactured in pairs, assuring you that every set of forks you purchase will be even in tip thickness and blade height. A locking pin kit comes standard on each **forklift replacement fork** to keep bade in place on **lift truck**.

Available in Class 2 or Class 3 mount, **forged forklift forks** are available in lengths up to 96".

Features:

- Quality forks
- Available in standard taper as well as full taper & polish
 - For shaft mounted forks, submit specifications as indicated below

A = OUTSIDE DIA. (OD) = _____
 B = INSIDE DIA. (ID) = _____
 C = OFFSET (OS) = _____
 D = BACK HEIGHT (BH) = _____
